

Pocket bike performance parts

Hello Dealers,

Here are the new 2005 prices for the selected performance parts, due to the strength of the dollar helping our cause; we are now able to offer these parts at amazing prices. We also stock a huge range of O.E spares as well, all at very competitive prices.

49cc - 44mm big bore kits (barrel, piston, rings and gaskets)

Complete exhaust systems (includes fitting kit)

Carburettor kits (carb, air filter, manifold, gaskets and velocity stack)

Race adjustable clutch

Fibre reed petals

Rear Sprockets

Front Pinion Sprockets

These prices are for minimum purchase quantities of 10 items at a time, i.e. x 10 bore kits or x10 reed petals etc all prices shown are subject to 17.5% vat.

Due to the fact we supply many other companies your first order may take up to 14 days, thereafter we can usually supply you next day.

No orders will be dispatched until full payment has been made.

Please call for further items, this is just a sample of what we have to offer.
